

Keep, Tailor, or Burn.

The Closet Edit Worksheet

Before we start, pull five pieces and hang them where you can see them:

1. Your best suit
2. Your worst suit (you know the one)
3. One sport coat or blazer
4. Two pairs of trousers

Keep this sheet open. We fill it in together, live.

By the end you'll have a verdict on every piece, a tailor list,
and one outfit built from what you already own.

If you're not comfortable, you can't be well-dressed."*

NOTES FROM THE DEMO

If the shoulders don't fit, it doesn't matter what else does.

Part 2 · Keep, Tailor, or Burn

Give every piece a verdict. If an alteration costs more than half of what the piece is worth to you, it's a Burn.
